Dear Peter,

In going over my NEVER AGAIN! file I've found xeroxes of pictures where you thought I would and what tells me I was wrong to suggest that you ask Raphaela about those pictures I had sent up some time ago.

The enclosed copy of my 8/19/93 to Diana says I sent them to her and refers to my having sent others up earlier as I interpret the third sentence.

As soon as I feel able to use the cellar stairs I'll retrieve the pictures I have there.

Best,

Jacob
